

Willoughby Hills  
Councilman-at-Large

**David Fiebig**

March 2015

Dear Neighbor,

In my life, I have always tried to say “yes,” when asked to step up to serve others or help those in need. Public service is important to me. I have dedicated the past nine years in service to Willoughby Hills.

Like my wife Joyce and me, most of us chose to be here because it is a great place to live, work, and raise a family. Serving the community that I love in our city government is both an honor and pleasure.

Being as involved as I have been, as your Councilman-at-Large and serving on boards and commissions, there is growing sense that **we need a fresh approach** in the city administration.

It’s time for new leadership that is purposeful, transparent, and respectful of our laws. It’s time to restore **trust, integrity and vision** in our oversight of the good work of our police, fire and service men and women who protect and serve our community.

I will seek the office of **Mayor of Willoughby Hills** with the optimism that we can come together as a community and support a positive vision for our future.

I’m looking forward to the road ahead and approach it with energy and enthusiasm for Willoughby Hills. I encourage you to call, email, or connect with me on social media to discuss this or any issue and we hope to see you at our 7th Annual “Spring Fever” event (see other side)!

As always, I’m looking forward to hearing from you!

Best Wishes,

David M. Fiebig

## 2015 Budget: A Moving Target?

I am reviewing the 2015 budget that the mayor presented to council. One thing is clear to me so far - it proposes that we spend significantly more than we take in, for the second year in a row. And this is after raising taxes in 2010.

Council was told that the city miraculously had a huge surplus at the end of the year. In December, somehow they found \$483k but now we're projecting to deficit spend by \$560k in 2015.

How do you find almost a half million dollars at the end of the year and lose it by February? Does sending out a community-wide Mayor's report in an election year claiming a \$1.2 million dollar year-end carryover have anything do with it? This is unacceptable to me. Besides, if our coffers are so full, why not cut taxes and sewer fees or fix our roads?

Our city finances must be accurately reported to council so we can make serious decisions about buying plow trucks and police cars, fixing our roads, and ensuring fire fighter's safety. If I am your next mayor, we will always project our budget with accuracy and transparency because city hall needs less politics and more honest, responsible budgeting. You deserve it.
